BULK SEGMENT

Produces and sells vegetablebased edible oil and fat products in bulk form primarily to distributors and factories involved in the production of confectionery, bakery products and other food items.

Produces vegetable-based edible oil and fat products, in consumer pack form and sell under own brands and under the brands of third parties, primarily to importers and distributors at destination markets.

CONSUMER PRODUCTS RANGE

Our range of consumer products include cooking oils, margarine, rice, sweetened condensed creamer, evaporated milk, cheese, soap, detergent and premix powder.

We are continuously working on expanding the products range.
